I'M MANDIE

Your go-to book nerd with a photo brain. With over 15 years of experience; I have seen it all and can now safely say, I can sit back, relax and truly have fun with my couples while creating. I love to cook, spend time with my family, everything autumnal year round, period romances like Pride and Prejudice, Outlander and Poldark. Antiquing and iced coffees on the weekend get me high. My daily long walks and murder podcasts keep me going. Let's grab a Guinness and talk about your wedding.

A LOVE LETTER

Mandie is a true artist. She makes expert use of her time and captures details in an authentic yet elevated way. Looking back at our wedding album, we feel like we are right there again—not glossing through a staged version of it. We loved working with her and will 100% be reaching out again for future big moments.

But what if....

COMMONLY ASKED QUESTIONS

DO YOU PHOTOGRAPH ALL LOVE?

Yes, yes, yes. All love is welcome here. No matter your color, gender, ideologies; I am here for those who appreciate my art.

WHAT IS YOUR TURNAROUND TIME?

For weddings, 4-6 weeks. Film scans can take a little while to come back as well (especially black and white).

WHERE DO YOU ACTUALLY LIVE?

While I am always on a plane to New England, I currently live in Colorado Springs, Colorado while I wait for my two oldest to finish up high school. There is never any travel fee to New England.

CAN YOU PHOTOSHOP MY BODY?

Nope, you are perfect just as you are. While I do tend to do light editing on noticeable blemishes and distractions, I do not over edit and try not to edit my film scans ever.

WHAT ABOUT MY NEGATIVES?

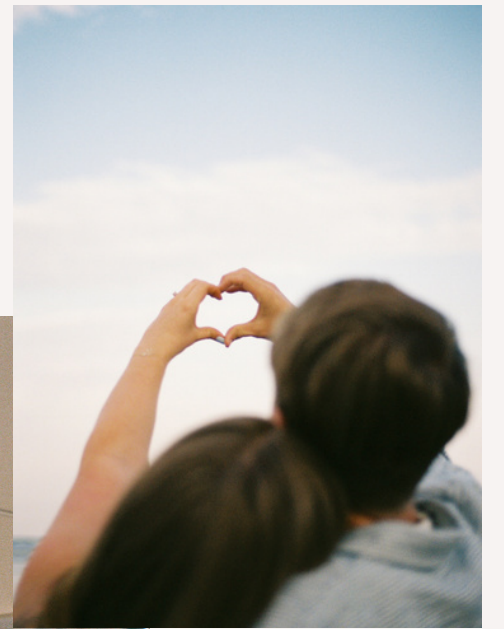

Please pick up your negatives within a year! I have piles of unclaimed negatives sitting in a drawer. They are great to keep and re-scan and also mean you'll always have your wedding photos if the internet goes down.

CAN I GET A DISCOUNT?

My packages are set up based on my cost of doing business. I pay a lot in taxes and for film and development, so discounts are simply not possible. I do, however, offer payment plans in installments for those needing a little wiggle room!

NEXT STEPS

BOOK A PHONE CALL

Tell me all about what you have planned, what your vision is, what your love story lore is. I want to hear all about it. You also get to learn about me too! If we are a match and you feel a connection, take time to discuss with your partner and circle back to me; then we can proceed to the next step. I will send over some full galleries too!

REVIEW CUSTOM PROPOSAL

This proposal is what officially books Thistle and Pine as your photography. A proposal must be signed and the deposit paid in order for the date to be booked. Please do these on time, as holding dates is serious business for photographers! If you need anything amended, please let Mandie know asap.

PLAN WITH MANDIE

If you got an engagement shoot, it is time to schedule it! About a month to two weeks before the wedding, it is time to create your custom photo timeline as well. Before you know it, the big day is here and everything comes together!

LET'S FROLICK AND PLAN AND DREAM

Are we kindred spirits? Let's find out. I am so ready to spend time with you and witness vows, sweaty dancing, happy tears and hopefully I make you swear out loud and offend the grannies when you see your gallery. Don't be shy, schedule a phone chat and lets get to know one another!
